Private Banker International grants Millennium Banque Privée the “Editor’s Choice Award” for its innovative technology platform

Zurich - Geneva - 9 December 2016 - Millennium Banque Privée, a Geneva based Swiss bank, received from Private Banker International the “Editor’s Choice Award” for its “Innovative Wealth Management Technology Platform”. The award was granted during the first “Private Banking Conference and Awards: Switzerland 2016”, which took place in Zurich on Thursday December 8th, 2016.

This prize rewards Millennium’s long term, future oriented strategy and its ability to develop and use new technologies to enhance communication and innovation for its clients.

Jose Uribarri Soares, Head of IT and Business Development commented: *“I am very proud of this awards. For Millennium Banque Privée, technology must be at the service of its clients. Our IT team of “only” five experts has developed an innovative in-house banking tools to strengthen relationships with our clients and facilitate workflow process and communication between our departments. Our human-size structure and open internal organization are a strength. As I like to say, the problem is not to be small, is to think small.”*

The Private Banking Conference and Awards: Switzerland 2016 brought together private banks, family offices, independent wealth managers and intermediaries in an active discussion of the key issues facing the financial industry with an important focus on innovative technological solutions.

Millennium Banque Privée is a Swiss private bank owned by the Millenniumbcp group, the largest private Portuguese financial group.

The Bank started its activities in 2003 in Geneva, and is currently made of 70 dedicated and diligent professional with a vast know-how in private banking and Wealth Management. The Bank appeals to an international clientele - Europe, Africa and Latin America - both on Individual Clients and External Asset Managers.
